Ux/UI Designs

The Mobile Phone App is a leading app, but its design looks outdated compared to its competitors. With such tight competition in the industry, a visual overhaul is long overdue. I thus set out to reimagine these Apps so it can maintain its lead in the years to come.

Typography

Primary

Poppins

Geometric sans serif typefaces have been a popular design tool ever since these actors took to the world's stage. Poppins is one of the new comers to this long tradition. With support for the Devanagari and Latin writing systems, it is an internationalist take on the genre.

Secondary

Lora

Lora is a well-balanced contemporary serif with roots in calligraphy. It is a text typeface with moderate contrast well suited for body text. A paragraph set in Lora will make a memorable appearance because of its brushed curves in contrast with driving serifs. The overall typographic voice of Lora perfectly conveys the mood of a modern-day story, or an art essay.
